

Dear Future Adult Riders,

Thank you for your interest in Ride to Walk. We are a non-profit organization providing therapeutic horseback riding for children and adults with neurological impairments. Our facility is located in Penryn CA 95663 at 2460 Delmar Ave. All of our clinical evaluations are performed by Dr. Corn.

The Ride to Walk program is in operation from January through the second week of December. Riding is offered four days a week, combined Program and Independent riding, which is designed to coordinate physical, cognitive and emotional therapy into a unique experience. The goals of this program are based on therapeutic intervention to achieve increased strength, postural control, and balance, and improve language and socialization skills, enhance self-esteem, providing exercise and enjoyment for the riders.

A certified therapist and riding instructor are present at each session and will design a personal and individualized therapy program for you. Each session is 30 minutes in length for therapeutic riding and 60 minutes for independent riding instruction. The sessions are offered at different times during the week. A riding time will be assigned after the evaluation process is completed.

The enclosed application provides additional information on the Ride to Walk program. After you complete the application, please email, postal mail the address listed below. If you have any questions or concerns regarding the application or the program in general, please call Ride To Walk at (916) 791-2747. You can also e-mail us at <a href="mailto:ridetowalk@sbcglobal.net">ridetowalk@sbcglobal.net</a>. More information is also available on our web site at <a href="https://www.ridetowalk.org">www.ridetowalk.org</a>. Payment of \$50.00 is due at the time of the evaluation.

In closing, the sooner the application is received, the sooner you can begin to enjoy all the benefits that Ride to Walk has to offer. Thank you and we look forward to hearing from you.

Sincerely,

Dr. Kristine N. Corn, PT, MSPT, DPT Director & Founder of Ride to Walk

#### Mission Statement

Ride To Walk offers an innovative therapeutic horseback riding program that is adapted to the individual needs and disabilities of neurologically handicapped children and adults, serving the counties of Placer and Sacramento by providing a positive support system.

#### PROGRAM FEES, CANCELLATION AND ATTENDANCE POLICIES

Ride To Walk operates year-round with the exception of our winter (late December) break and major holidays. There are occasions when Ride to Walk must cancel a riding session due to circumstances beyond our control. Those circumstances include, but are not limited to, extreme weather and/or, an insufficient numbers of volunteers to assist. In those circumstances, the riding session for that day will be cancelled for the safety of the riders and the horses and we will notify you by email. We are often able to keep the indoor arena at a comfortable temperature even when it's pushing 101.

If you need to cancel your attendance at a riding session, you need to call the rider cancellation number administrative office 916-791-2747. This is extremely important as your horse will be prepared and waiting as well as staff time required.

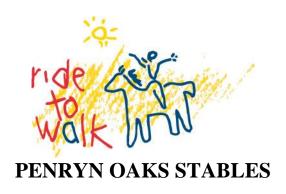

The monthly fee is \$500.00; however, we invoice only for \$250.00 because we wish to scholarship 50% of the fee as long as you or a family member support us with our fundraising efforts. We require 25 volunteer hours per years (or 2 hours per month). Some of the ways riders and families can support our fundraising efforts are:

- Obtain sponsorships and donations of supplies/auction items for any fundraising events
- Volunteer at our fundraising events the day before for set up, the day of, and day after with clean-up.
- Volunteer at outside events we attend to promote RTW sharing your story

If you do not wish to be a parent volunteer, we v	welcome the full \$500.00 monthly fee.
I opt to pay \$500 and not volunteer	I opt to pay \$250 and volunteer
Signature	Date

\*Absences: Unfortunately, we are unable to provide make-up lessons due to a limited number of horses and volunteers. You do receive 2 weeks of free riding due to 2 months out of the year which have 5 weeks, and there is no charge for those 2 weeks. As mentioned earlier, we will cancel for weather conditions and/or special events being held. Riders are billed monthly at the beginning of the month.

## 2460 DELMAR AVENUE PENRYN, CA 95663 (916) 916-791-2747

#### **Directions To Ride To Walk-Penryn Property**

□ From Lincoln, take Hwy 193 to Sierra College Blvd. Continue on Sierra College Blvd, turn left onto English Colony Way, take a sharp right turn onto Delmar Ave. Property is on the right hand side, 2460 Delmar Ave. Penryn, CA 95663

#### OR

□ Take Hwy 80, exit 109 for Sierra College Blvd. Use the left 2 lanes to turn left onto Sierra College Blvd. Turn right onto Delmar Ave. Come to stop sign, turn left to stay on Delmar Ave. Turn left on 2460 Delmar Ave. Penryn, CA 95663

## For Cancellations

Call main office Monday-Friday 8am-4:30pm Thursdays 8:00 a.m. and 12:30 p.m. (916) 791-2747

If you have any questions about riding because of weather, please call the office at least <u>one hour prior</u> to your ride time or volunteer time to see if program has been cancelled due to inclement weather. We will make every effort to call or email.

WE CANNOT notify every person so it is your responsibility to call and find out.

responsibility to call and find out.

#### **HELMET/BOOTS INFORMATION:**

Participants riding in program <u>MUST</u> wear riding boots or hard-soled shoes with heels (**No** open toes).

Participants riding in program <u>MUST</u> have an Equestrian approved helmet (**NOT** a Bicycle helmet).

Participants riding in program **MUST** wear long pants.

#### FITTING:

When looking for the correct helmet it is important to consider comfort and safety. Look for the following when choosing the proper fit of the helmet.

1. Helmet needs to fit securely on the rider's head.

When placed on the head, the helmet should not shift forward or back (The helmet should move with the rider's head. You should be able to "wiggle your eyebrows" by moving the helmet). Additional foam pads and/or adjusting straps may be required to achieve this correct fit.

- 2. There are generally 2 types of strapping systems.
  - a. Leather "U" at either side that a chinstrap is attached to.
  - b. A cloth webbing "V" strap that continues into a chinstrap.

Style b is the preferred style for children with very small heads.

- 3. The chin strap is tightened correctly when you can fit only 2 fingers snugly between the strap and your chin.
- 4. The helmet needs to have a detachable visor if the rider has poor head control to increase safety.

We recommend Douglas Feed Supply 5460 Douglas Blvd. Granite Bay, CA 95746 (916)791-3202 Mention Ride to Walk & receive a discount on your helmet.

# ARENA/FACILITY SAFETY RULES

- 1. HORSES MAY BITE-PLEASE DO NOT FEED WITHOUT STAFF SUPERVISION
- ALL CHILDREN ON RTW PROPERTY MUST HAVE ADULT SUPERVISION AT ALL TIMES!
- STAFF & VOLUNTEERS ONLY PERMITTED BEYOND GATES INSIDE THE ARENA.

- 12. PLEASE PICK UP TRASH, KEEP YOUR STABLES BEAUTIFUL.
- 13. <u>EVERY PERSON</u> WHO ENTERS THIS PROPERTY MUST SIGN A RELEASE OF LIABILITY WAIVER, <u>NO EXCEPTIONS.</u>

IT IS EVERYONES RESPONSIBILITY TO READ THESE RULES AND KNOW THEM. THANK YOU FOR YOUR COOPERATION.

#### **Mission Statement and Goals**

Ride to Walk's mission is to enhance the lives of children and adults with neurological disabilities by providing innovative therapeutic horseback riding activities that are recreational in nature and adapted to the individual's needs and disabilities at a minimum cost.

#### **Current Programs and Activities**

#### Therapeutic Riding Program

During each 30-minute riding session, the rider is accompanied in the enclosed arena by four highly trained individuals; a licensed therapist or riding instructor, an experienced volunteer equestrian leader, and two volunteer side-walkers. The horse is led through a series of movements tailored individually for the rider, which help to strengthen the rider's muscles and improve the rider's flexibility, range of motion, balance and coordination.

Each rider's individually created program is supervised and evaluated by therapists that are specially trained using the horse as a therapeutic tool. In addition to the physical gains from horseback therapy, parents and teachers often see improved speech patterns and lengthened attention spans. Our riders gain a sense of joy, freedom and

Rider and Volunteers

empowerment from the therapy sessions, which enable them to sit tall and proud on the backs of our specially screened and trained horses.

Ride to Walk serves children with disabilities and their families, year round from Placer, Sacramento and Yolo counties. The program serves children with disabilities such as autism, cerebral palsy, muscular dystrophy, attention deficit disorder, head trauma, sensory processing challenges, and genetic disorders. Ride to Walk serves families ranging from low to upper incomes and represents a broad spectrum of ethnicities.

#### **Independent Riding Program**

 $\underline{\mathbf{R}}$ ide to Walk has increased its service offerings to include an Independent Riding Program. Riders in this program have the mobility, balance and coordination to sit on the horse independently. Riders in this program are taught basic horsemanship skills, including how to tack and groom the horse and how to handle the reins.

#### Ride To Walk's Relationship with Other Organizations

Ride To Walk became a 501(c) 3 nonprofit organization in 1988 and works in partnership with local school districts.

A small number of our riders receive partial assistance through local school districts. If the child has an Individual Education Plan (IEP) that requires adaptive physical education, some school districts will cover a portion of the costs for that rider.

#### The Need for Ride to Walk

A variety of community-supported activities are available to individuals without disabilities, from Baseball League and soccer teams to social activities and Alta Regional Center. Neurologically handicapped individuals need opportunities to develop their physical skills and learn to interact with their peers in community-supported activities as well. Ride to Walk is one of the few opportunities these people must participate in a "special activity." It addresses this social need while providing crucial therapy that helps their bodies and minds to develop their fullest potential. While there are a variety of programs that put disabled individuals on horseback for recreational purposes, Ride to Walk is one of the few programs in this area that also focuses on the therapeutic aspects of this activity.

Volunteers & Therapist with Rider

#### Ride to Walk Board Members, Staff & Volunteers

The successes of Ride to Walk are the results of many dynamic supporters who contribute tirelessly to the organization. Ride to Walk consists of a volunteer board of directors, part-time employees and many dedicated volunteers who are the backbone of the program. Ride to Walk could not exist without this wonderful support.

Dr. Corn back riding with child

### History of Ride to Walk

Ride to Walk began in 1985 when Dr. Kristine Corn, founder, director and primary therapist at the Sierra Pediatric Therapy Clinic, began using a pony at her clinic in Granite Bay, California.

Dr. Corn had one patient, in particular, who was not progressing utilizing traditional therapy practices. Dr. Corn purchased a pony and rode the little girl up and down the driveway at her clinic. The results were profound and unmistakable. Dr. Corn began using her pony with more and more of her

patients and found the results equally rewarding. Though there have been many economic challenges facing the Ride To Walk program over the past years, the program continues to grow. Following years of renting facilities, the program expanded to its own riding facility with an enclosed arena with stables and a covered arena caretaker facilities with stables and a covered arena in the town of Lincoln, CA in February 2003.

#### The cost of Ride to Walk and how YOU can help:

Therapeutic horseback riding involves significant costs. Because this type of program is very expensive, \$125 for each 30 minute session, families pay 50% of the cost and Ride To Walk scholarships the other 50%. For RTW to provide this type of financial support to each family, the families are required to provide 25 service hours mainly focusing on our fundraisers throughout the year. If you have talents or specific skills that are needed you may be able to support the program by giving of your time for specific projects. For specific instructions on fulfilling your service hours please call Kristine Corn. It is our goal to continue to keep this fee to a minimum as most of the families in our program struggle financially as a result of the many costs incurred with caring for a child with disabilities.

Ride To Walk was originally funded by bake sales. Today, in addition to seeking funding support from corporate, individual and foundation grant sources, we host various fundraisers such as our Beer & Wine Tasting Festival, our Holiday Hayride, and our annual Tack Swap to help raise the funds necessary to cover the costs of providing therapeutic horseback riding.
